

ALLIED HEALTH SCIENCE MAJOR

+ Medical College of Wisconsin--Master of Public Health

2022-2023 CURRICULUM GUIDE

You will need 130 credits to graduate from Carthage — but that’s just a number. Earning a degree from Carthage is about much more than checking off a list of requirements. Use our curriculum guide and sample four-year plan as a resource to help you develop your unique academic plan. Customize it to enhance your major, broaden your expertise, or explore a new interest — that’s the Carthage liberal arts advantage. Our advisors will help you develop your personalized plan, while making sure you move toward completion of your degree requirements.
